Statement of Beliefs

We believe in the sanctity and dignity of every human life, and that God created every life for a special meaning and purpose.

We believe that every individual has the constitutional and religious right to worship God in freedom.

We believe and agree in the biblical and ethical principle of sharing with those who are less fortunate and who experience medical needs.

We believe and agree that it is our responsibility to God and our fellow members to engage in healthy living, and to avoid habits and behaviors which are harmful to the body.

Carry each other's burdens, and in this way you will fulfill the law of Christ. Galatians 6:2
